

F & G

FRYER & GRILL CLEANER

Product # 135

DESCRIPTION

Fast action fryer and grill cleaner. Loosens build-up in minutes ready to rinse clean.

USAGE

Recommended for commercial, institutional, educational and industrial use to clean fryers, deep fat fryers, grills, burners, ovens, industrial kitchens, etc.

DIRECTIONS

OBSERVE & FOLLOW CAUTIONS

DEEP FAT FRYER

1. Wear rubber or neoprene gloves at all times while using this product.
2. Fill fryer with water, add 16 oz. of F & G Cleaner per gallon of water.
3. Bring temperature up to heat simmer and maintain at this level until fryer is clean.
4. Empty cleaning solution, rinse thoroughly using potable (suitable for drinking) water.

GRILL CLEANING

1. Wear rubber or neoprene gloves.
2. Heat grill to approximately 200°F.
3. Dilute F & G Cleaner, 1 part per 8 parts of water, pour on grill surface.
4. Allow approximately 2 minutes soaking time, then scrape off loosened surface deposits.
5. Rinse with potable water.

BURNER CLEANING

1. Wear rubber or neoprene gloves.
2. Place burners in a black iron pot or stainless steel container, capable of easily holding the dirty burners to be cleaned. Add one (1) pint of F & G Cleaner per gallon of water.
3. Soak burners after bringing temperature up to near boiling heat.
4. Rinse thoroughly with potable water.

PRODUCT SPECIFICATIONS

APPEARANCE	Clear viscous liquid
VISCOSITY @ 77°F cps	500 CPS
ODOR	None
SPECIFIC GRAVITY at 77°F	1.48
WEIGHT / Gallon at 77°F	12.36 lbs.
SOLIDS %	50%
pH	14
BIODEGRADABLE	Yes
SHELF LIFE	1 Year plus
TOXICITY	Poisonous, contains Sodium Hydroxide
PACKAGING	55- 35- 15 Gallon drums 5 Gallon pails Cases of 6/1 Gallon jugs

SAFETY INFORMATION

WEAR EYE PROTECTION AND PROTECTIVE GLOVES (RUBBER OR NEOPRENE)

KEEP OUT OF REACH OF CHILDREN . DO NOT TAKE INTERNALLY

Do not get in eyes, on skin, or on clothing. Do not breathe vapors. Keep container closed when not in use. Wash thoroughly after handling. Keep away from acids.

In case of external contact, immediately remove contaminated clothing and shoes. Wash skin with water for at least fifteen (15) minutes. If irritation persists, seek medical attention.

In case of eye contact, immediately flush eyes with water for at least thirty (30) minutes and seek medical attention.

If inhaled, remove person to fresh air. If not breathing, give artificial respiration and call a physician.

If swallowed, do not induce vomiting. Give large amounts of water or milk if available and call a physician. Never give anything by mouth to an unconscious person.
