# Gem ◆ Clean
## Neutral Floor Cleaner

**Product # 187**

## DESCRIPTION
GEM CLEAN is a concentrated neutral water-based detergent cleaner. Is labor saving, non-dulling, neutral cleaner that needs no rinsing. Saves time and labor because floors dry film free. Safe and biodegradable.
GEM CLEAN lifts the dirt and leaves the shine. It will not strip or dull finished floors. Extends the life of high gloss floor finishes.
GEM CLEAN has a light lemon fragrance and can be used on any surface not harmed by water.

## USAGE
Because it has a neutral pH, it can be used as a floor cleaner as an integral part of any high speed/high gloss floor maintenance program.
May be used with a mop, automatic scrubber or in a trigger spray bottle for light daily surface cleaning.
GEM CLEAN will not dull high shine finished floors.
Recommended for commercial, institutional, industrial as well as household use to clean and maintain floors.

## DIRECTIONS
Suggested dilution: General cleaning, dilute 4 ounces of GEM CLEAN to 1 gallon of water. For plastic cleaning, dilute 2 ounces to 1 gallon of water. For floors or walls, dilute 6 ounces to 1 gallon of water. For use in autoscrubber, dilute 4-6 ounces to 1 gallon of water. Damp mop, wet. Mop or scrub regularly as needed using clean mop and GEM CLEAN.

## PRODUCT SPECIFICATIONS

| | |
