

TROPICOOOL

ENGINE COOLANT & ANTIFREEZE

DESCRIPTION

Tropicool Engine Coolant & Antifreeze is an ethylene glycol based formula designed to provide benefits far beyond those found in today's conventional antifreeze and coolant products. This revolutionary formulation provides maximum antifreeze and cooling protection in the most extreme temperatures and operating conditions. A specially formulated inhibitor, designed for cooling system applications, provides unsurpassed protection against metallic corrosion.

USAGE

Recommended for commercial, institutional, industrial as well as household use.

DIRECTIONS

Drain and clean cooling system, inspect thermostat, hoses, gaskets, fan and fan belt. Replace any or all if necessary. **REPAIR ALL LEAKS.** Mix TROPICOOOL with equal amount of water, then add to radiator. Run engine for 5 minutes, then recheck level. Test with a standard ethylene glycol hydrometer. Check again for leaks.

Water or antifreeze coolant solution leaking into cylinders or crankcase may cause serious damage if driving is continued.

PRODUCT SPECIFICATIONS

APPEARANCE	Fluorescent yellow liquid
ODOR	Mild
VISCOSITY @ 77°F cps	Water Thin
pH IN CONCENTRATE	8.0
FLASH POINT	232 °F
WATER SOLUBILITY	100%
SHELF LIFE	1 Year in unopened container
PACKAGING	55, 35, 15 Gallon drums 5 Gallon pails Cases of 6/1 and 4/1 Gallon jugs

SAFETY INFORMATION

KEEP OUT OF REACH OF CHILDREN. DO NOT TAKE INTERNALLY.

CAUTION: CONTAINS ETHYLENE GLYCOL. HARMFUL OR FATAL IF SWALLOWED.

FIRST AID

SKIN: Wash with plenty of water and soap. Remove contaminated clothing. If discomfort persists, seek medical attention. **EYES:** Flush with water for at least 15 minutes, raising eyelids occasionally. If discomfort persists, seek medical attention. **INGESTION:** Toxic. If person is conscious, induce vomiting. Seek medical attention immediately.

Do not store this product in open or unlabeled containers.
